Željko Majdančić, Vlado Jukić

Psychiatric Hospital Vrapče has a 120-year history, through which time a large number of published scientific and professional papers, as well as doctoral theses, were written.

All this material was being collected and organized more than once, each time in a different way with its limitations in searching information.

The last printed issue of bibliography was prepared from the very beginning in such a way that it could be presented online .

The image shows two overlapping browser windows from Microsoft Internet Explorer. The top window displays the main website for Psihijatrijska bolnica Vrapče. The address bar shows the URL: http://www.bolnica-vrapce.hr/index.asp?page_id=naslovna. The website header includes the name of the hospital and an "english version" link. A navigation menu on the left lists: "o bolnici", "povijest bolnice", "organizacija bolnice", "lokacija bolnice", "plan bolnice", "djelatnici", and "kontakt". A central image shows the hospital building. Below it, the text reads: "ZNANSTVENA DJELATNOST", "STRUČNA DJELATNOST", and "NASTAVNA DJELATNOST". A "obavijesti" section lists "STUDENTI", "LIJEČNICI", and "PACIJENTI".

The bottom window shows a bibliographic entry titled "Psihijatrijska bolnica Vrapče - bibliografija". The entry details are as follows:

- Vrsta izdanja: **Magistarski rad**
- Šifra rada: 496
- Godina i mjesto izdanja: **1992. / Zagreb**
